

CASTLE LINK™ FEATURES:

- USB interface for use with all Castle Creations Brushless Speed Controllers
- View, change and customize program options on your Windows PC
- Download the latest updates to all Castle Creations Brushless ESC software via the internet
- Compatible with Windows 98, Windows 2000, and Windows XP
- USB port required

INSTALLATION INSTRUCTIONS:

Install Castle Link software from the CD (included) or download Castle Link software from the Castle Creations website at:

www.castlecreations.com/downloads.html

Once installation is complete, connect the Castle Link adapter to your USB port.

Your computer should detect the new hardware. Castle Link will automatically install the device driver.

Run the Castle Link application from the Start Menu.

Follow the on-screen instructions to complete installation of Castle Link.
